This Code of Ethics (the “Code”) applies to anyone conducting business on behalf of Prysmian or any of its subsidiaries, including but not limited to all managers, officers, employees, agents, representatives, lobbyists, interns, contractors, suppliers, and consultants (“Covered Parties”), and seeks to guide our legal and ethical responsibilities, to deter wrongdoing, and to promote:

- compliance with applicable laws, rules and regulations;
- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- the integrity of our financial information, which influences the decisions of management and our Board of Directors, as well as the ways in which the outside world perceives and evaluates us;

- full, fair, accurate, timely and understandable disclosure in reports and documents we file with or submit to government authorities and in other public communications; and
- accountability for adherence to this Code, including prompt internal reporting of any suspected violations.

To meet these objectives, this Code encourages Covered Parties to express any concerns they may have relating to corporate accountability. No discrimination or retaliation against any person who, in good faith, reports such concerns will be tolerated. Anyone who retaliates against an individual under such circumstances will be subject to disciplinary action, up to and including termination of employment.

All Covered Parties must read, understand, and adhere to this Code and all other applicable company policies. Violations of law, this Code or other Company policies or procedures can lead to disciplinary action, up to and including termination of employment and/or termination of business relations.
